Evening Closures on State Route 126 in Fillmore and Piru for Pavement Project

At least one lane will remain open in both directions at all times

PIRU— The California Department of Transportation (Caltrans) announced plans to close a lane in both directions of State Route 126 (Santa Paula Freeway) next week for lane striping, grinding, and guardrail installation work.

From **Monday, December 10 through Friday, December 14**, the following lane closures will be in place in the city of Fillmore and the unincorporated area of Piru:

Evening Closures 7 p.m. – 6 a.m.

- One lane in each direction along various segments of SR-126 from the Los Angeles-Ventura County line to Hallock Drive in Santa Paula.

Some closures may start and end later. All closures are weather permitting and subject to change. Local city streets may be closed to allow crews to work on the highway.

Motorists should expect delays and are strongly advised to use alternate routes or avoid the area. Additionally, motorists can check traffic conditions before they leave by visiting the Caltrans [Quickmap](#).

The closures are part of a road repaving project that stretches from the Ventura-Los Angeles County Line to Haun Creek. Granite Construction Co. of Santa Barbara, CA is the contractor.

Caltrans reminds drivers to be “Work Zone Alert” and to “Slow for the Cone Zone.”
